

SCALEVERTISE

Care Home **Ad** **Scripts**

UGC hooks and full scripts built around the 20-30 qualified resident appointments offer. Based on Jeremy's performing scripts, adapted for Scalevertise.

CONTEXT

Why Jeremy's Scripts Work

Before the scripts, here is what makes Jeremy's format effective and why we kept the same structure.

Our offer is actually stronger than Jeremy's. He offers 10 residents in 90 days. We offer 20-30 qualified appointments in 30 days. That means we can use the same proven script structure and lead with a more compelling result. The formula stays the same: call-out the owner directly, state exactly what you will do for them, give the specific result and timeframe, then attach the guarantee.

- ✔ Leads with a direct call-out to care home owners, not a generic hook
- ✔ States the exact result and timeframe upfront, no build-up
- ✔ The guarantee removes all the risk before they can object
- ✔ No jargon, no agency speak, sounds like a person talking
- ✔ Short enough to hold attention, long enough to give proof

SECTION 01

UGC Hooks

These are the first 3-5 seconds. The job is to stop the scroll and make a care home owner feel like this is directly for them. Use one hook per ad. Test all three.

HOOK 1 - DIRECT OFFER

"If you're a care home owner, here's exactly what I'll do for you. I will install our Resident Acquisition System into your business and get you 20 to 30 qualified family tours booked in the next 30 days, or you don't pay our management fee. Simple as that."

HOOK 2 - PROBLEM FIRST

"Everyone tells you the way to fill your care home is to post on social media, rely on word of mouth, and wait for GP referrals to come in. And maybe that worked years ago. But right now there are families searching online every single day for a care home in your area, and if you're not showing up in front of them with a real offer, someone else is."

HOOK 3 - CREDIBILITY LEAD

"We run paid ads specifically for care home owners, and right now we're getting 20 to 30 qualified family enquiries booked directly onto care home calendars every single month. I want to show you exactly how we do it, and why we're confident enough to guarantee it or you don't pay."

SECTION 02

Full UGC Scripts

Three full 60-75 second scripts. Each follows the same structure: call-out, result and offer, how it works, proof, guarantee, CTA. Film one at a time, straight to camera, conversational.

SCRIPT 01

The Direct Offer

HOOK - CALL-OUT

If you're a care home owner and you have empty beds right now, I want to talk to you for 60 seconds.

RESULT + OFFER

My name is Vincent, and at Scalevertise we get care homes **20 to 30 qualified resident appointments** booked onto your calendar in the next 30 days. Families who are actively looking, have had a conversation with someone on your behalf, and are ready to come in for a tour. Not cold leads, not enquiry forms sitting in an inbox. Actual booked appointments.

HOW IT WORKS

We run targeted Meta ads in your local area, we qualify every enquiry before it ever reaches you, and we book them straight onto your calendar. You don't have to follow up, you don't have to chase anyone. You just show up to the appointment.

PROOF

We do this exclusively for care homes. We don't work with restaurants, we don't work with gyms. Just care homes. Which means we know exactly what works in this space and we're not figuring it out on your budget.

GUARANTEE

And here is what makes this different. If we don't get you 20 to 30 qualified appointments in 30 days, **you don't pay our management fee.** We take on all the risk so you don't have to.

CTA

If that sounds like something you want for your care home, click the button below and book a quick call with us. We only take on one care home per area, so if your area is still available, let's talk.

SCRIPT 02

The Problem Agitator

HOOK - CALL-OUT

Care home owners, if you're still relying on word of mouth and GP referrals to fill your beds, I need you to hear this.

PROBLEM + AGITATE

Referrals are unpredictable. You don't control when they come in, you don't control the quality, and when they slow down you have empty beds sitting there costing you money every single day. Most care home owners I speak to have been doing it the same way for years and just hoping the phone rings. That's not a strategy, that's just waiting.

RESULT + OFFER

What we do is replace that uncertainty with a system. We run paid ads in your area, qualify every lead, and get you **20 to 30 families booked in for tours in the next 30 days.** Every month. Predictably.

HOW IT WORKS

We handle everything. The ads, the follow-up, the booking. Your team just needs to show up to the appointments. We do not send you a spreadsheet of names and wish you luck. We put confirmed appointments on your calendar.

GUARANTEE

And if we don't hit 20 to 30 appointments in your first 30 days, **you don't pay our management fee.** Simple.

CTA

Click below to check if your area is still available. We work with one care home per catchment area, and a few spots are already taken. If yours is open, book a call and let's get started.

SCRIPT 03

The Guarantee Lead

HOOK - CALL-OUT

If you own or manage a care home, I'm going to make you a guarantee right now on camera.

THE GUARANTEE UPFRONT

We will get you **20 to 30 qualified resident appointments** booked onto your calendar in the next 30 days. Families who are ready to talk, ready to tour, and ready to make a decision. And if we don't hit that number, you don't pay our management fee. Not a partial refund. Not a credit. You just don't pay.

WHY WE CAN GUARANTEE IT

We can make that guarantee because we only work with care homes. We've built a system specifically for this industry. We know which ads work, we know how to qualify a family before

they waste your time, and we know how to get them booked in. We're not guessing. We've done this.

HOW IT WORKS

We run targeted ads in your local area, we follow up with every lead within minutes, we qualify them, and we book them straight onto your calendar. You don't touch anything until there's an appointment waiting for you.

CTA

If you want 20 to 30 more families walking through your door in the next month, click below and check if your area is still available. We only work with one care home per area, and spots go fast.

SECTION 03

Static Ad Copy

Two static ad options. Use as image ads with a clean background. Primary text goes in the caption, headline goes on the image or as the ad headline.

STATIC 01 - NOTES APP STYLE

Care home owners in [City]

We get you 20-30 qualified resident appointments in 30 days.

- Targeted Meta ads in your local area
